

Résumé

Experience

StoryStream

Product Designer - 2yrs

StoryStream leads the way to a more human-centred marketing approach. Our digital platform uses AI to enable companies to discover and display social media posts on their websites. I owned the product and design system.

ProGolfMe

Product Designer - 1yr

ProGolfMe connects golf coaches with golf players all over the world through an iOS app. I designed the entire app from MVP to its release onto the App Store.

AP Diving

Intern Designer - 1yr

AP Diving is a world-leading diving equipment company, in my one year I designed an award-winning user interface and other physical diving equipment products.

University

Product Design - Bsc - High 2:1 - 3yrs

Loughborough Design School ranks highly as one of the most important universities for design in the UK. I studied 'product design' which covered projects involving user research, mechanics, electronics and programming.
