Résumé

Experience

Multiverse

Product Designer · 2yrs

I set the foundations for the company to scale by systemising their products into an accessible pattern library. I ran workshops and created features that allowed us to scale to the US.

StoryStream

Product Designer • 2yrs

StoryStream's' digital platform uses AI to enable companies to discover and publish social media posts on their websites. I owned the product and design system.

ProGolfMe

Product Designer • 1yr

ProGolfMe connects golf coaches with golf players all over the world through an iOS app. I designed the entire app from MVP to its release onto the App Store.

AP Diving

Intern Designer • 1yr
